

THE
ROCK™
REACH OUT CENTRE FOR KIDS
CREW

**A 10-week
program for
boys age 13-18**

This 10-week program will foster through social interactions a sense of connection, resiliency, engagement, and a sense of personal worth for participants. Social activities will be determined by the group members and the leader. Activities may include board games, video games, movies, escape rooms, and laser tag. During the first session, participants will have an opportunity to plan 3 off-site outings (participants must make their own travel arrangements). Depending on the activity meeting times may vary. Parents will be given plenty of notice regarding outing location and time.
